

ULU FOOD has extensive experience in staple food and convenience food since 2010.

Our fully integrated production cycle gives us the opportunity to control quality at all stages of the production process.

We believe that our customers deserve the best quality and healthy food, which is why we created our UluFood and Elay brands, which offer premium quality Class A products. The main focus of our experienced team of qualified professionals is taste, color and naturalness.

Our integrated production cycle gives you the opportunity to control quality at all stages of the production process, following best practices in food safety, biosecurity, agro-remediation and sustainability guidelines that exceed industry expectations. Our company continuously invests in our main production facilities. Only in this way can we be sure that the company's high standards are adhered to uncompromisingly at every stage of the production chain.

Our processing plant has been operating in accordance with the HACCP food safety system for years and meets IFS Food and Halal requirements.
